# FinMin flags low PSB credit to labour-intensive sectors

**HARSH KUMAR**  
New Delhi, 16 September

The finance ministry has raised concerns with public-sector banks (PSBs) on the low credit growth to labour-intensive sectors during the last five years up to FY25.

In this period, the above ₹100 crore segment saw credit to the finance category surge by 177 per cent. In contrast, their credit to sectors, such as manufacturing and mining, rose only 1.3 per cent, according to a senior government official. This comes at a time when labour-intensive export-oriented sectors face job losses due to the punitive 50 per cent tariff by the US administration.

"Credit growth to the manufacturing and mining sectors is worrying. PSBs need to pull themselves up in these sectors," said the official.

The official further said that the advances to agriculture and retail sectors touched 92 per cent and 98 per cent, respectively, in the below ₹10 crore loans category.

"The growth in advances in agriculture and retail have outpaced credit growth in other segments, showing credit growth is driven by low-ticket advances only. It also underlines risk averseness of PSBs in high-value advances," added the official.

The source further highlighted that 87 per cent of the total increase in credit in

## Loan spread

- Advances to the agriculture and retail sectors touched 92 per cent and 98 per cent, respectively, for below ₹10 crore loans category
- Credit to sectors like manufacturing and mining rose by only 1.3 per cent
- Limited support of high-value credit to core engineering, mining, manufacturing sector

the above ₹100 crore segment was from "finance, trade, professional services, electricity and construction." This shows limited support of high-value credit to core engineering, mining and manufacturing. Credit growth by PSBs in loans up to

₹10 crore recorded a compound annual growth rate (CAGR) of 13.1 per cent over the five-year period.

In the mid-sized loan category — above ₹10 crore and up to ₹100 crore — growth was nearly stagnant at just 0.1 per cent CAGR. In contrast, large-ticket loans above ₹100 crore expanded at a CAGR of 8.9 per cent.

Private sector banks, on the other hand, showed much stronger momentum. Loans up to ₹10 crore grew at a robust 179 per cent CAGR, while advances in the ₹10-100 crore range clocked 14.7 per cent CAGR.

The source also pointed out that PSB loss of share in savings accounts (SA) was comparatively less steep. It was partially due to access to central nodal account (CNA) and state nodal account (SNA) deposits in the form of savings.

"With the implementation of 'Just In Time' (JIT) fund release, the loss is expected to be even lower," said the official.

"PSBs now have a lower market share in current account (CA) deposits than private banks. This has also translated into a smaller share in micro, small and medium enterprises (MSME) credit growth, thereafter, in fee-based income from the non-fund-based business and foreign exchange," the source added.

## RBI receives tepid demand at 3-day VRR auction

Banks were reluctant to participate in the Reserve Bank of India's three-day Variable Rate Repo (VRR) auction on Tuesday. The central bank received bids worth ₹586 crore against the notified amount of ₹75,000 crore.

Banks parked the funds at a cut-off rate of 5.51 per cent.

"The banks were not willing to park funds at a higher rate when they were getting it at a lower rate in the call market," said a dealer at a primary dealership.

The weighted average call rate (WACR), the operating target of monetary policy, settled at 5.43 per cent on Tuesday, against the previous close of 5.44 per cent. The RBI conducted a VRR auction after a gap of about a month. Over the past month, RBI has been using Variable Rate Reverse Repo (VRRR) auctions to align overnight market rates with the repo rate. "There was no concrete reason for the RBI to conduct the VRR auction. Maybe they were expecting an outflow," said a dealer.

## 6.1 million new Jan Dhan Yojana accounts opened

The Union finance ministry on Tuesday said the ongoing three-month nationwide financial inclusion saturation campaign had made significant progress, with more than 230,000 camps held across the country since its launch on July 1, 2025.

According to the press statement, over 6.1 million new Pradhan Mantri Jan Dhan Yojana (PMJDY) accounts have been opened, while 26 million fresh enrolments were recorded under the government's three social security schemes — Pradhan Mantri Jeevan Jyoti Bima Yojana (₹75.6 million), Pradhan Mantri Suraksha Bima Yojana (₹5.6 million and Atal Pension Yojana (₹1.32 million). The ministry said the campaign, which will run until September 30, 2025, also enabled re-verification of know-your-customer details for 25.9 million inactive accounts. Further, 44,455 claims worth ₹1.66 million under PMJDY and PMSBY schemes during the period. "To boost awareness, the camps have also been used to educate citizens on digital fraud prevention, accessing unclaimed deposits and grievance redressal mechanisms," the press statement said.

## Centre extends one-time option for staff to shift to UPS

The central government has extended a one-time option for employees who joined service between April 1, 2025, and August 31, 2025, to migrate from the National Pension System (NPS) to the Unified Pension Scheme (UPS), the finance ministry said on Tuesday.

The UPS was notified earlier this year on January 24, 2025. The decision follows recent clarifications and developments in the scheme. Employees covered under the extension will now have time until September 30, 2025 to exercise the option, which is also the last date prescribed for other eligible categories of employees and past retirees under the NPS to shift to the UPS.

The ministry said the initiative is aimed at giving central government staff "an informed choice" in securing their post-retirement financial future. Employees opting for the UPS will still have the flexibility to switch back to the NPS at a later stage if they wish.

Earlier, *Business Standard* reported that only 1.37 per cent of eligible central government employees had opted for the UPS so far.

## Foodgrain target of 362 mt sets bar for bumper harvest

**SANJEEV MUKHERJEE**  
New Delhi, 16 September

Encouraged by a good monsoon, the Centre has set a record foodgrain production target of 362.96 million tonnes (mt) for the 2025-26 crop year that began in July. This is 2.5 per cent higher than the actual output in 2024-25, Agriculture & Farmers Welfare Minister Shivraj Singh Chouhan told reporters on the second day of the two-day national rabi campaign.

The campaign also pegged seed requirements for the rabi season at 22.9 mt, against an availability projection of 25 mt.

"The demand and supply of all key fertilisers are also being assessed."

In the just-concluded kharif season — marked by a widespread shortage of urea and diammonium phosphate (DAP) — the Centre said that between June 1 and September 14, India consumed 18.2 mt of urea, up from 17.4 mt in the same period last year, a rise of 4.59 per cent. Phosphatic and nitrogen (P&N) fertiliser sales touched 15.3 mt, compared to 13.7 mt last year — an almost 12 per cent increase.

In 2024-25, the Centre had set a foodgrain output target of 341.55 mt, while actual production stood higher at 353.96 mt.

On fertiliser shortages, Chouhan assured that states would be supplied adequate quantities of urea, DAP, and other complexes

## SC raps Centre over lack of basic facilities in tribunals

Cites unwillingness of retired HC judges to take up posts

**BHAVINI MISHRA**  
New Delhi, 16 September

The Supreme Court on Tuesday said that the growing unwillingness of retired high court judges to take up tribunal posts was understandable as they are treated "without dignity" and criticised the Centre for failing to provide even the basic facilities to them.

A Bench of Justices BV Nagarathna and R Mahadevan was hearing a plea by the National Green Tribunal Bar Association (Western Zone), highlighting vacancies in the NGT.

The Centre submitted that two former judges, despite being offered appointments, had refused to join, requiring the process to be restarted. Disapproving of this, Justice Nagarathna said the hesitation was understandable given the conditions in which tribunal members were made to work.

"Former chief justices and high court judges are treated without dignity. Even for stationery, they have to keep requesting. The most risky car is given to a tribunal chairperson. Housing, infrastructure, transport, nothing is in place. How can they be expected to accept such posts?" she asked Additional Solicitor General Vikramjit Banerjee, appearing on behalf of the Centre.

The judge said that once appointed, members faced uncertainty over accommodation and amenities.

"If you cannot provide proper facilities, then the abolition of tribunals and let the high courts handle these matters. Many states have already scrapped administrative tribunals after realising the model was a failed experiment," she observed.

The Bench also referred to a ruling delivered last week by Justices JB Pardiwala and R Mahadevan, directing the government to upgrade infrastructure in the NGT and NGLAT. Justice Nagarathna, during the hearing on Tuesday, also suggested a committee involving multiple ministries.
